

INFRARED RADIANT DIESEL HEATER - 22 KW

SKU: PIN HK220IR

Heating Area 200 m²
45 L Fuel Tank
Fuel Consumption 1.9 L/hr

Silent, efficient heat without air movement.

The BE infrared indirect diesel heaters deliver powerful, targeted warmth by heating surfaces and objects directly - without moving air. Ideal for enclosed spaces with optional flu system, workshops, and areas where dust or noise must be minimized, these heaters offer reliable performance with clean, fume free operation

- Infrared technology provides instant, radiant heat with zero air displacement
- Indirect combustion ensures 100% clean, dry heat safe for enclosed environments
- Whisper-quiet operation, ideal for noise-sensitive areas like event spaces or indoor worksites
- Highly efficient fuel usage for extended runtime and cost savings
- Built tough for Australian conditions with integrated safety features

Features

- Produces almost zero emissions
- Perfect for Marquees
- Low Fuel Consumption - Can run a full day without refueling
- Super Silencer system keeps noise to a minimum
- Features 12 different electrical safety devices
- Needs only 240v power

Specifications

- **Heating Output:** 22kW (75,000 BTU)
- **Heating Area:** 200 m²
- **Power:** 240 V, 10 A
- **Fuel Tank Capacity:** 45 L
- **Fuel Consumption:** 1.9 L/hr

INFRARED RADIANT DIESEL HEATER - 22 KW

- **Working Time:** 22 - 24 hrs
 - **Fuel:** Diesel or Kerosene
 - **Portability:** On Wheels
 - **Noise Level:** 45dB
 - **Product Dimensions:** 1,235 mm x 320 mm x 1,280 mm
 - **Net Weight:** 64 kg
 - **Packaging Dimensions:** 1,255 mm x 345 mm x 1,300 mm
 - **Gross Weight:** 69 kg
 - **Warranty:** 1 Year
