

UTILITY JUG FEATURES

- Ergonomic, contoured handle and bottom grip for effortless pours & transportation.
- Tethered ventilation cap to help control flow and minimize messes.
- Screw-on cap with rubber gasket that provides a leak-proof seal.
- Made of translucent HDPE for protection against rough usage, sun exposure, and harsh weather.
- Detachable 14" clear hose to simplify pouring.
- Raised graduations in gallons and liters for monitoring levels.
- Great for storing and transporting water, detergents, cleaning solutions, chemicals, feed, and more.
- Made in the USA.
